PDC 101 - presentation.pptx

Hi Dan,

For the recent national air enforcement call (within EPA), I recently modified the Noble slides to reflect the PDC settlement changes. This is what I would suggest starting with, and then making any modifications or additions we think would be helpful for the discussion with TCEQ. Do you want to review and then talk?

Thanks,

Ginny

**Subject:** Presentation for TCEQ

Hello Ginny,

We talked last week about updating a presentation that was prepared for CO regarding the Noble case, and using it for a meeting with TCEQ on Eagle Ford concerns (including potential design issues). Can you send the presentation slides?

Thanks,

Dan
